Serving Your Country Has Its Benefits.

When you give a few years to your Country, you get a lot in return.

If you qualify, you get training in the job of your choice. Guaranteed in writing before you enlist.

You may get to work in Europe, Korea, Panama, Hawaii, Alaska, or almost anywhere in the continental U.S.

You get a chance to earn college credits in the Army, with the Army paying up to 75% of the tuition. And when your enlistment's over, you're entitled to 36 months financial

assistance at colleges throughout the country.

You get a starting salary of \$361 a month (before deductions), and a raise to \$400 in only four months.

You get free meals, free housing, free medical and dental care, 30 days paid vacation a year, and low-cost transportation to help you enjoy it.

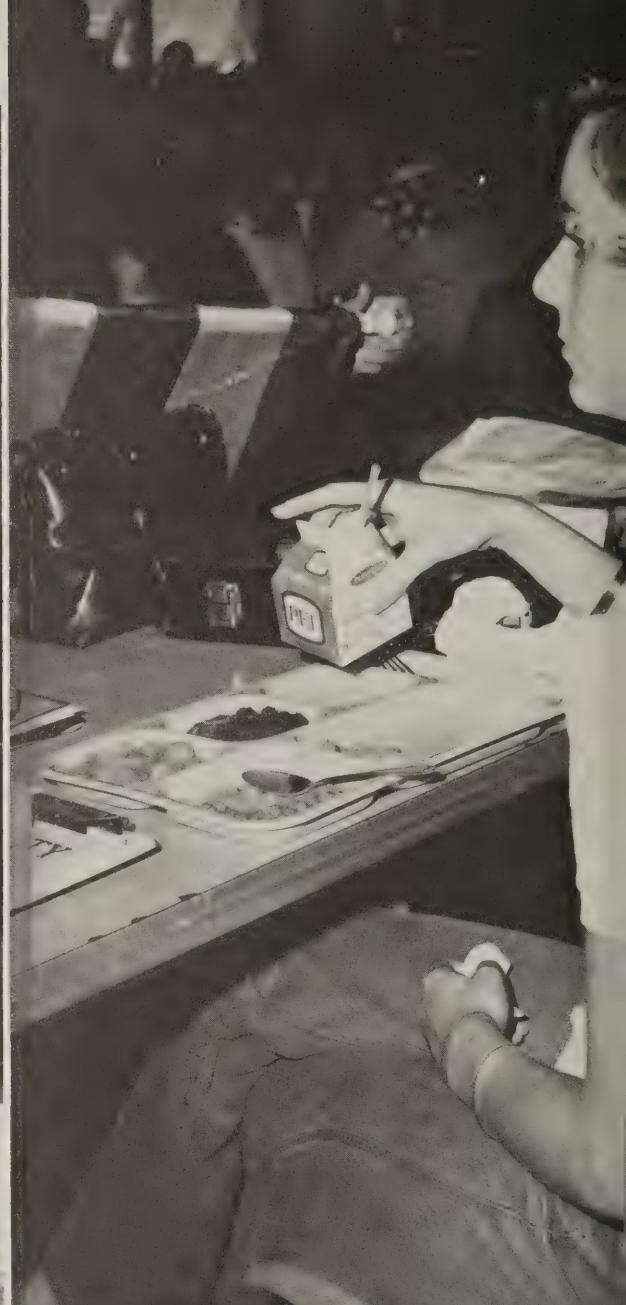

And, most important of all, you get a chance to be of service to yourself while you're doing a service to your Country.
